

Thank you to all of the paid and unpaid Caregivers across Canada for their compassion, devotion and service to those in need of care in our communities.

As the Conservative Shadow Minister for Seniors, I am especially thankful to all who attend to seniors with the kindness and respect that they deserve. Whether you care for a sibling, a spouse, a parent, a friend or patients in a home, a long-term care setting or hospital, you help make Canada a safer and more compassionate country, and a better place for us all to live.
